Dear Mr Rothberg

We at Amanda Roberts have a large rental portfolio and need companies that we can rely on to carry out works on our properties in a prompt and efficient manner with positive results.

We have found Abbey Drains to be all of the above and more.
They attend the call on the day and give an immediate response to what has to be done and the full costing.

We would highly recommend Abbey Drains to anyone wishing to take on a company for the services they supply.

Many Thanks

A Cappuccini
